AUDIT FINDINGS

Narrative:

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-audit, on-site audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

The PREA audit of Centre Inc. Male and Female Units/ Fargo (Fargo Units) was conducted on August 10-12, 2016 by Andraska Consulting LLC / Dave Andraska, PREA certified auditor. Prior to the on-site audit, contact was made with the facility regarding logistics and checking on the posting of notices. The PREA Online Audit System (OAS) was used to complete the audit. The PREA Pre-Audit Questionnaire was completed on line by the PREA Coordinator/Director of Operations and supporting documents were uploaded in the OAS. The auditor reviewed and evaluated the information provided by the facility as well as the Centre Inc. website prior to the audit. The auditor utilized the online Auditor Compliance tool.

The audit began on Wednesday afternoon August 10, 2016 with an entry meeting with the Executive Director and his key staff. The staff introduced themselves and provides a brief overview of their areas of responsibilities. The auditor introduced himself and provided his background and discussed the audit process. A tour of both facilities was completed. All required facility staff and residents interviews were conducted on-site during the three day audit. On the first day of the audit there were 49 female residents and 88 male residents for a total of 137 residents. Fourteen (14) resident interviews were completed (10.2% of the 137 residents). The random interviewees were selected by the auditor from the housing rosters and designated lists of residents provided by the facility. A total of seventeen (17) staff was formally interviewed during the audit (21% of 80 staff). Staff was randomly selected from each of the three shift rosters and different departments within the facility. Additionally, specialized staff were interviewed including the Executive Director, PREA Coordinator, PREA Compliance Officer, Intermediate-Higher Level Staff, Staff Who Perform Screening, Incident Review Team, Staff Who Monitor Retaliation, Human Resources and Intake staff.

In addition to these formal interviews, many informal discussions were held with staff and residents which assisted in this PREA compliance audit. No residents contacted the auditor, prior or after the audit, or requested to meet with the auditor while on site.

There were three allegations of sexual abuse and sexual harassment reported in the past twelve months at the Fargo Units. A review of the investigations was conducted. One allegation was determined to be unfounded and two allegations were determined to be unsubstantiated.

An exit meeting was conducted by the auditor David Andraska at the completion of the on-site audit. While the auditor could not give the facility a final finding, the auditor did provide a preliminary status of their findings and indicated further documentation may be requested to demonstrate compliance. The auditor thanked the Director and facility for their hard work and commitment to the Prison Rape Elimination Act and indicated how impressed he was with the new facility.

Facility Characteristics:

The auditor's description of the audited facility should include details about the type of the facility, demographics and size of the inmate or resident population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation.

Centre, Inc. is a North Dakota private non-profit rehabilitative, correctional and human service agency which was formed in 1976 to assist the courts and other mainstream public agencies in providing community-based services to establish halfway houses as a cost-effective intermediate sanction as well as an adjunct to parole or probation supervision. CENTRE: is an Acronym with the legal name being "Community Extended Nuclear Transitional Residence for Ex-offenders". Headquartered in Fargo, ND, Centre's programs and clients have greatly grown in numbers and its programming has evolved since its inception and currently has facilities in Fargo, Mandan and Grand Forks. The role of Centre, Inc. has been to provide for public safety by offering programs across the state which can effectively rehabilitate, supervise, and provide transitional housing to individuals in need of these services outside the institutions and jails/prisons.

A majority of Centre, Inc. programming has traditionally focused on treating criminogenic and/or other destructive behavior(s) with services tailored to their needs. Addiction programming/treatment is provided to those with substance dependence. Vocational counseling, job training and job placement are priority program objectives for all clients. The staff teaches accountability and personal responsibility to participants within structured programs. Good assessments, treatment planning, and counseling are the valued underpinning of the case management effort.

Centre, Inc. has agency wide policies and procedures that apply to all programs. Centre Inc. maintains a website at <http://centreinc.org/> with a PREA section that lists reports, policies and relevant information. Centre, Inc. should be commended for their efforts to implement practices that show a commitment and understanding of the spirit and intent of the Prison Rape Elimination Act.

This PREA audit is for the Centre Inc. Male and Female Units Residential Program located in Fargo, ND. (Fargo Units). The residential housing units in Fargo are at two separate locations. The males are housed at 123 15th Street N. which is an older two story concrete and stucco facility that prior to 2016 also housed female residents and Centre Inc. administrative offices. The capacity of the male unit is 106 residents. The females are housed at 3501 Westrac Drive which is a new building that opened in January 2016. Centre Inc. administrative offices are also located at this facility. The capacity of the female unit is 72. The program houses residents from the Federal Bureau of Prisons and the North Dakota Department of Corrections and Rehabilitation and custody level includes Inmate, Parole, Probation and Pre-Trial. The residential facilities are staffed on a twenty-four hour a day basis. Although most residents are allowed to leave the facility for work and/or programming purposes, they must sign out and in with staff approval prior to leaving and upon return. Depending on varied referral source parameters and/or level/phase systems, residents may also sign out for other approved purposes.

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. 115.211	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>Centre Inc. written policy #P-18 Sexual Abuse/Assault Prevention and Intervention mandates zero tolerance toward all forms of sexual abuse and sexual harassment and outlines the agency's approach to preventing, detecting, and responding to such conduct. This policy, on Centre Inc.'s website as well, is the basis for creating a zero tolerance culture in regards to all forms of sexual abuse and sexual harassment. The Fargo Units appears to demonstrate a commitment to safety for residents and staff, while supporting a culture of prevention, detection, reporting, and response. Staff interviews revealed an ownership of the agency's commitment to the prevention, detection and response to sexual abuse and sexual harassment, and were well versed in this policy.</p> <p>Centre Inc. employs an upper-level, agency-wide PREA Coordinator. The PREA Coordinator is based in Fargo, ND, and is proactive and committed to the implementation of all PREA standards. The PREA Coordinator is also the Director of Operations and supervises the PREA Compliance Officers at each site. The PREA Compliance Officer for the Fargo Units is also the Program Director. Interviews with the PREA Coordinator and PREA Compliance Officer revealed both acknowledging sufficient time and authority to develop, implement, and oversee efforts to comply with the PREA standards. The PREA Coordinator/Director of Operations and the PREA Compliance Officer/Program Director are evident on the agency's organizational chart, Centre, Inc. Policy #PE-1,</p> <p>Through observation of bulletin boards, posters, handouts and materials, review of resident and staff handbooks, training curriculums and interviews with staff and residents it was apparent that the Fargo Units are committed to zero tolerance of sexual abuse and sexual harassment.</p>

115.212	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Centre Inc. is not a public agency and does not contract for the confinement of its residents, therefore this standard in not applicable.

115.213	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre, Inc. has developed a staffing plan for the Fargo Units that is based on the four criteria of this standard to include (1) The physical layout of each facility; (2) The composition of the resident population; (3) The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and (4) Any other relevant factors. Based on the review of the staffing plan and interviews, the staffing plan was developed by the Executive Director with input from the PREA Coordinator and management staff. The facility does not deviate from the approved staffing plan. The staffing plan is reviewed annually and is supported by agency policy.</p> <p>The Program Director, who directly supervises residential/direct care staff makes unannounced, sporadic checks throughout the facility. The Residential Specialist also makes random checks throughout the facility. Through reviews of housing area logs, and interviews with staff and inmates, it was confirmed that unannounced rounds are done randomly throughout the facility.</p>

115.215	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. has a comprehensive written policy on searches (#P-17) and consistent practice of conducting no cross-gender strip, cross-gender visual body cavity searches, or cross-gender pat downs of residents which was confirmed through interviews with multiple residents, Residential Specialists, PREA Compliance Officer/Program Director and the Agency PREA Coordinator/Director of Operations. Pat searches are documented in resident logs in the SecurManage system.</p> <p>Policy was supported by practice as confirmed in the aforementioned interviews, and noted during the PREA audit tour. Staffs of the opposite gender "announces" themselves by gender when conducting checks of sleeping rooms and bathroom/shower areas. Policies are in place and staff appears very respectful in carrying out procedures which enable residents to shower, perform bodily functions, and change clothing without staff of the opposite gender viewing their private areas of their bodies, except in exigent circumstances, or when such viewing is incidental to routine cell checks.</p> <p>Training records were reviewed and confirmed all staff received a two hour training entitled, "Searches and Inspection", which also included notification and explanation of the updated procedure. The New Employee Orientation Checklist serves as documentation that each employee is trained on pat- down searches. Centre Inc. policy clearly states the facility will not search or physically examine a trans-gender or inter-sex resident for the sole purpose of determining the resident's genital status.</p>

115.216	Residents with disabilities and residents who are limited English proficient
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. Policy #P-18 Sexual Abuse/Assault Prevention and Intervention has established procedures to provide for residents that are limited English proficiency, residents with disabilities and residents with low literary levels equal opportunity to participate in and benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment.</p> <p>The agency policy prohibits the use of inmate interpreters or other types of inmate assistants except in limited circumstances where there may be delay in obtaining an effective interpreter. This is evidenced by current policy and procedure. Interviews with the Agency PREA Coordinator/Director of Operations, PREA Compliance Officer, and intake staff confirmed there has been no need to use an interpreter over this past year due to an English speaking resident population. The facility staff is aware of community resources they can summon if the need for an interpreter were to arise. The Resident Specialist, who is conducting the intake, goes over information with the resident verbally and checks for understanding. The Residential Specialist will be able to provide immediate assistance to aid in the understanding of the written materials if a resident is in need because of a reading, comprehension, or hearing issue. The residents sign and date the document upon receipt, which indicates they understood the information presented. There were no limited English speaking residents placed at the facility during the time of the on-site audit visit.</p>

115.217	Hiring and promotion decisions
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Per Centre Inc. Policy #PE-5 Personnel, it was determined that the agency has established a system of conducting criminal background checks for new employees and contractors who have contact with inmates to ensure they do not hire or promote anyone who may have contact with residents and does not enlist the services of any contractor who may have contact with residents who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution, has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse or has been civilly or administratively adjudicated to have engaged in the activity described above. Centre Inc. considers any incidents of sexual harassment in determining whether to hire or promote anyone or to enlist the services of any contractor who may have contact with residents. Consistent with federal, state, and local law, Centre Inc. makes its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse. Centre Inc. asks all applicants and employees who may have contact with residents directly about previous misconduct described above in written applications or interviews for hiring or promotions and in any interviews or written self-evaluations conducted as part of reviews of current employees. Centre Inc. also imposes upon employees a continuing affirmative duty to disclose any such misconduct. Material omissions regarding such misconduct, or the provision of materially false information, are grounds for termination. Centre Inc. conducts criminal background records checks at least every five years of current employees and contractors who may have contact with residents.</p> <p>Personnel files and forms were reviewed with the Human Resource Manager. Also through interviews with the Human Resource Manager, Superintendent, and PREA Coordinator it was determined that the agency policy and PREA standards were being followed concerning hiring, promotional decisions, and background checks.</p>

115.218	Upgrades to facilities and technology
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>Centre Inc. responded to a need for more beds and program space by opting to build a new building for female residents instead of expanding its existing Fargo facility that housed both male and female residents. In April of 2015 Centre broke ground on an expansion project that included constructing a 72 bed Residential Re-Entry Center for Adult Females on a lot located at 3501 Westrac Drive in Fargo, ND. The two story, approximately 19,000 square foot building would also be the home for Centre’s administration/business offices. The new facility provides Centre with an additional 30 beds for females in the Fargo area and provides the ability to enhance their gender responsive approach and provide additional substance abuse treatment group opportunities. The facility is a state of the art, with excellent site lines and the newest technology HD cameras. The existing facility at 123 15th Street North is being renovated for male only residents. Centre demolished the 20 bed overflow unit/wing at this location as it was not easily monitored and had numerous blind spot and sleeping rooms had no access to natural light. New HD security cameras and overall floor plan design will strengthen both client and staff safety and security thus improving the program’s ability to maintain fidelity to the Prison Rape Elimination Act standards. This renovation project will allow Centre Inc. to adhere to industry best practices. When completed, Centre will have substantially updated the current Fargo facilities and increased their residential/program capacity to serve an additional 42 individuals at any given time.</p>

115.221	Evidence protocol and forensic medical examinations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. Policy #P-18 Sexual Abuse/Assault Prevention and Intervention, directs that all allegations of sexual abuse and sexual harassment be investigated and documented. The policy contains protocols for obtaining and preserving physical evidence. Interviews with the Agency PREA Coordinator/Director of Operations, and the PREA Compliance Officer/Program Director support practice as outlined in Centre Inc. Policy #P-18. The Facility ensures allegations of sexual abuse are referred for investigation to the Fargo Police Department unless the allegation does not involve potentially criminal behavior. If the allegation does not involve potentially criminal behavior, Centre Inc. will conduct an administrative investigation. The policy includes an overall description of the responsibilities and at what point a criminal investigation referral is made. A Memorandum of Understanding with the Fargo Police Department which indicates the Fargo Police Department utilizes protocol based on the Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents" is also posted on Centre Inc's website.</p> <p>Emergency medical healthcare along with forensic examinations by SANE/SAFE staff are provided at an outside facility, with no cost to the inmate. An advocate will be provided to the inmate upon request to provide emotional support through the forensic medical examination and investigation interviews. There were no forensic medical exams performed by SANE/SAFE staff during the last twelve months.</p>

115.231	Employee training
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>Centre Inc. trains all employees who have contact with residents on: It's zero tolerance policy for sexual abuse and sexual harassment: how to fulfill their responsibilities under agency sexual abuse and sexual harassment prevention, detection, reporting, and response policies and procedures, residents' right to be free from sexual abuse and sexual harassment, the right of residents and employees to be free from retaliation for reporting sexual abuse and sexual harassment, the dynamics of sexual abuse and sexual harassment in confinement, the common reactions of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationships with residents, how to communicate effectively and professionally with residents, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming residents, and how to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities. All the current employees at the Fargo Units have received training regarding PREA standards and each employee is provided with refresher training annually to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. In addition to the annual PREA refresher training, the agency clearly provides refresher information on current sexual abuse and sexual harassment policies. The Fargo Units staff was able to articulate required PREA training components and offer examples of day to day implementation during multiple interviews. A review of training records was completed as part of the audit process. Documentation of staff participating and understanding the training is maintained.</p> <p>Centre Inc. also provides a written guide called "Centre Inc. Coordinated Response to PREA Incidents" uses shading, design, bulleting and categories of action which are clearly identified by the various disciplines which include staff. The diagram is in the shape of an arrow, implying guided direction throughout the coordinated response, beginning with the first responder, and ending with a formal review of the sexual abuse incident. These diagrams are posted throughout the facility and serve as quick reference guides to staff, and a reminder to staff and residents of Centre Inc.</p>

115.232	Volunteer and contractor training
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. Policy #P-18 Sexual Abuse/Assault Prevention and Intervention, address the requirements of the standard. All current volunteers and contractors have been trained in PREA standards based on the services they provide and level of contact they have with residents. All volunteers and contractors who have contact with residents are notified of the agency's zero tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents. The Fargo Units maintains Prison Rape Elimination Act (PREA) Compliance Acknowledgment (Contractors, Vendors and Volunteers) forms signed by volunteers and contractors indicating they understand and will comply with the agreement. The auditor reviewed Prison Rape Elimination Act (PREA) Compliance Acknowledgment (Contractors, Vendors and Volunteers) forms signed by volunteers and contractors. A contractor was interviewed and was able to articulate his knowledge of PREA, his responsibilities, and the agency's zero tolerance policy.</p>

115.233	Resident education
	Auditor Overall Determination: Exceeds Standard
	Auditor Discussion
	<p>Centre Inc. provides a comprehensive inmate PREA education to the resident population beginning at intake into the agency. During the Fargo Units intake process, residents receive "Centre -An Overview for Clients on Sexual Abuse/Assault Prevention and Intervention" which is comprehensive information explaining the agency's zero tolerance policy regarding sexual abuse and sexual harassment, how to report incidents or suspicions of sexual abuse or sexual harassment, their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents. All residents sign, date, and acknowledge understanding on the "An Overview for Clients on Sexual Abuse/Assault Prevention and Intervention Signature Acknowledgment Page". Many of these resident signature acknowledgment pages were reviewed during the on-site visit, as the document becomes part of the electronic resident file. The inmate handbook also explains the agency's zero tolerance policy regarding sexual abuse and sexual harassment and how to report incidents.</p> <p>Centre Inc. policies, and interviews with intake staff, Residential Specialists, Case Managers, and residents confirm the provision of resident education in formats accessible to all residents, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled as well as residents who have limited reading skills. Within 48 hours of arrival, residents participate in a PREA orientation group, which utilizes the Just Detention International DVD entitled, "PREA: What You Need to Know". Participation in PREA orientation group was supported by interviews with residents. The PREA orientation groups exceed PREA Community Confinement standards, which require PREA education be provided at time of intake. The Fargo Units ensures key information is continuously and readily available or visible to residents through other written information. Bright lime green PREA posters that are 16" x 20" containing bold black font are posted throughout the facility in clearly visible locations.</p>

115.234	Specialized training: Investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The agency PREA Coordinator/Director of Operations and the PREA Compliance Officer/Program Directors successfully completed twenty hours of PREA Investigator Training provided by the "Moss Group" on April 28 - 30, 2014. This is an intensive, comprehensive, specialized training for PREA investigators and includes techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. They also completed a 16 hour PREA Investigation training from the North Dakota Department of Corrections and Rehabilitation as well as numerous online PREA Training through the National Institute of Corrections and Relias Learning. Interview of the Agency PREA Coordinator/Director of Operations indicates a commitment to the prevention, detection and coordinated response to sexual abuse.</p>

115.235	Specialized training: Medical and mental health care
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. doe not employ or contract for medical or mental health care staff, therefore this standard is not applicable.</p>

115.241	Screening for risk of victimization and abusiveness
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre, Inc. Policy #P-18 Sexual Abuse/Assault Prevention and Intervention, address the assessment process and the use of the screening information to determine bed assignment with the goal of keeping inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. Intake screening ordinarily takes place within 48 hours of arriving at the facility. If an inmate screens for high risk of sexual victimization or high risk of being sexually abusive, a referral will be made to the Program Director, and/or Director of Operations. The current intake screening considers nine criteria to assess residents for risk of sexual victimization. In addition the intake screening considers prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the facility in assessing residents for risk of being sexually abusive. The resident is asked during the screening and reassessment process “Do you perceive yourself as potentially vulnerable to victimization?” As part of the inmate’s initial medical screening, health service staff also asks questions regarding sexual abuse and safety. This affords the resident another opportunity to report or disclose any concerns regarding victimization and abusiveness</p> <p>The PREA Initial Assessment, a comprehensive, objective screening tool was created using a revised version of the ND Department of Correction and Rehabilitation's screening tool. This objective screening tool is scored utilizing a scoring manual, entitled, the PREA Rating Assessment Manual, and will promote scoring consistency across ND facilities. Case Managers will be reminded, via a task due in the Case Management tab of SecurManage, within 25 days of the client's entry to complete the PREA Risk Re-assessment. The creation of this objective screening tool, creating parallel policy and procedures, which included the process of reassessing all clients within 30 days of the client's arrival at the facility.</p> <p>The housing and program assignments are made on a case by case basis based on information obtained during the screening interview. The housing and program assignments may be changed after the inmate is further evaluated by the appropriate staff. Through resident ,in-take staff and case managers interviews, it was determined that the facility addresses the needs of the resident consistent with the security and safety of the individual inmate.</p>

115.242	Use of screening information
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. Policy #P-18 Sexual Abuse/Assault Prevention and Intervention, address the assessment process and the use of the screening information. The facility uses information from the risk screening required by §115.241 to make informed housing, bed, work, education, and program assignments with the goal of keeping separate those residents at high risk of being sexually victimized from those at high risk of being sexually abusive.</p> <p>In a highly respectful manner, evidenced by intake staff, Case Managers and Residential Specialist interviews, the facility focuses on individualizing these determinations. As demonstrated through policy and documentation of such team housing decisions, based on factors of vulnerability and propensity for aggression, the facility considers on a case-by- case basis whether a placement would ensure the resident's health and safety, and whether the placement would present management or security problems</p>

115.251	Resident reporting
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. established procedures allowing for multiple internal and external ways for inmates to report sexual abuse, sexual harassment, and retaliation. PREA reporting methods are shared with inmates at intake, during orientation, and on posters throughout the facility. Inmates are informed they can report verbally and in writing to staff, contact the PREA Coordinator, report to an outside agency, the North Dakota Department of Corrections or contact the Bureau of Prisons. Inmates may also report allegations through third party reporting or send an anonymous note. These reporting systems were demonstrated through review of policies and procedures, inmate handbook, posters throughout the facility, and interviews with inmates and staff.</p> <p>During the resident interviews, residents indicated they felt comfortable reporting sexual abuse or sexual harassment and they know the options available to them for reporting. Staff indicated through interviews they were aware of the methods available to them to report sexual abuse and sexual harassment of inmates.</p>

115.252	Exhaustion of administrative remedies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Centre Inc. Policy #P-6 Grievance/Administrative Remedy is a comprehensive administrative procedure for dealing with resident grievances regarding sexual abuse. Within this administrative procedure the following is outlined: A resident may submit a grievance regarding an allegation of sexual abuse at any time regardless of when the incident is alleged to have occurred. In an attempt to reach resolution, the facility will not require a resident to use any informal grievance process, or to otherwise attempt to resolve with staff an alleged incident of sexual abuse. Further, nothing in this section shall restrict the facility's ability to defend against a lawsuit filed by a resident on the ground that the applicable statute of limitations has expired. In addition, Centre Inc. ensures a resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint, and the grievance is not referred to a staff member who is the subject of the complaint. Based on the review of the investigations, the agency's policies, and interviews with facility staff and investigators, it was determined investigations into allegations of sexual abuse and sexual harassment are done promptly, thoroughly and objectively for all allegations. The credibility of an alleged victim, suspect, or witness is assessed on an individual basis and not determined by the person's status as an inmate or staff. Neither the agency nor Fargo Police require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation. Investigators complete a written report with investigation findings that contains a thorough description of physical, testimonial, and documentary evidence.</p> <p>There were no substantiated allegations of sexual abuse that were referred for prosecution in the past twelve months. The Investigation files reviewed were properly documented and organized. The facility shall consider whether to require the offending resident to participate in such interventions as a condition of access to programming or other benefits.
